

Charlie Puth - Loser

Listen to the song and fill the gaps with the modal verb you hear + the verb. Be careful where you put the adverb of frequency "never" in number 6!

<i>might have + participle, could have + participle</i>	<i>past possibility</i>
<i>must have + participle</i>	<i>past deduction</i>
<i>should have + participle</i>	<i>past obligation (advice/suggestion)</i>
<i>can't</i>	<i>present (in)ability</i>
<i>might</i>	<i>future possibility</i>

Chorus

Oh, I'm such a loser
How'd I ever lose her?
Oh, maybe I ¹ _____ (be) out of my mind
Now I'm a loser, why'd I have to lose her?
I'll never recover, I'll never be fine, 'cause I

I just ² _____ (get) a little too drunk, so I won't think about us
I don't think about what we ³ _____ (be)
And I stay up like three or four nights so I won't dream about us
Wake up with no luck
I just ⁴ _____ (win)

I ⁵ _____ (see) it all along
She was one in a million
It hurts whenever someone says her name
When we were going off and on
I guess I really played it wrong
I ⁶ _____ (never - let) her slip away

I just ⁷ _____ (be) a little too gone when she needed somebody
Up against her body at 2 am
Yeah, and now I keep lying to myself when she's just joking probably
She'll probably call me and we'll be us again

I ⁸ _____ (see) it all along
She was one in a million
Now she's in love and I'm in second place

Oh my, my, my, my, I'm a loser

Tell me, God is real
Do you think about me still
Or am I living for nothing?
Don't know where it went wrong but I'll just take the hint
It's gonna take some adjusting
