

Broken - Jack Johnson

Read the lyrics and try to guess which connectors from the list go in each gap, then listen to the song to check (be careful with #7... you can hardly hear it!)

and, because, but, or & so

With everything ahead of us we left everything behind

¹ _____ nothing that we needed, at least, not at this time

² _____ now the feeling that I'm feeling, well, it's feeling like my life is finally mine

With nothing to go back to we just continue to drive

Without you I was broken

³ _____ I'd rather be broke down with you by my side

I said without you I was broken

⁴ _____ I'd rather be broke down with you by my side

I didn't know what I was looking for ⁵ _____ I didn't know what I'd find

I didn't know what I was missing, I guess you've been just a little too kind

⁶ _____ if I find just what I need, I'll put a little peace in my mind

Maybe you've been looking too ⁷ _____ maybe you don't even need to try

Without you I was broken

⁸ _____ I'd rather be broke down with you by my side

I said without you I was broken

⁹ _____ I'd rather be broke down with you by my side

With everything in the past fading faster ¹⁰ _____ faster until it was gone

I found out I was losing so much more than I knew all along

¹¹ _____ everything I've been working for was only worth nickels and dimes

¹² _____ if I had a minute for every hour that I've wasted I'd be rich in time, I'd be doing fine

¹³ _____ without you I was broken

¹⁴ _____ I'd rather be broke down with you by my side

I said without you I was broken

¹⁵ _____ I'd rather be broke down with you by my side

Do you know the meaning of the five connectors you had to identify in the lyrics?

What about these other connectors from the song? *at least, until & well*
